REBEL

Time rolls on
n' that's as it should be
Here and gone
Seems to move so quickly

Man we was happy
In our restless hearts
It was heaven
Right here on earth

Yeah we were laughin'
As we reached for the stars
And we had some
For what it was worth

SUPERINTENDENT'S MESSAGE

Congratulations to the graduates of the Class of 1988. Suddenly, the routine, the bus rides, the early mornings and busy schedule are over. You are now about to become involved with a new life — a life of personal discovery and vocational fulfillment that your education and carefully developed skills will help create. You should be both proud and grateful as you now begin this new chapter in your life, proud because of the accomplishments and contributions that you, individually and as a class, have made to the community and school — and most importantly — to each other; grateful for the vocational and technical skills that you have gained and, hopefully, will always possess.

Remember, however, as you pursue your personal and professional goals, your teachers, guidance counselors, and disciplinarians will no longer be there to provide those moments of encouragement and understanding that were often times so very much needed. Please be mindful of the fact that you must not allow your personal and technical skills to deteriorate by settling for simply an entry level position for any length of time. It is extremely important that you continue to pursue your future educational and skill development goals so that you will always be fully prepared to meet the many demands and responsibilities that lie ahead. Do not forget those years that you have spent here at Greater Lowell Regional, for they probably represent the most significant stage of your development.

The Class of 1988 has left a legacy to the Greater Lowell Regional School District and community. The citizens, the governmental institutions, and the children from this area have all benefited from your enthusiasm, skill and spirit. Never forget all the good times and services you have received from your community tax dollars, and strive to maintain the same style and determination that you have displayed throughout your career at Greater Lowell.

In closing, I wish you continued success and fervently hope that you will be able to utilize the skills you have developed during your years at Greater Lowell Regional Vocational Technical School as a springboard for becoming a truly positive force in this community in the years to come.

A black and white photograph capturing an action moment during a basketball game. In the center, a player wearing a light-colored jersey with the number 4 is running forward, dribbling the basketball. To their right, a player in a dark jersey is running alongside them, attempting to defend. On the left side of the frame, a referee in a black and white striped shirt is observing the play. The background shows a gymnasium setting with a wooden floor and a wall with horizontal slats. The image is slightly blurred, emphasizing the motion of the game.

BOSTON

We're ready right now
Catchin' a wave to ride on
Steady now
Headin' where we decide on
And I know that there's
somethin' that's just out
of sight
And I feel like we're tryin' to
do something right.
Come on make it if we hold
on tight
Hold on tight.

...
We can find a way.

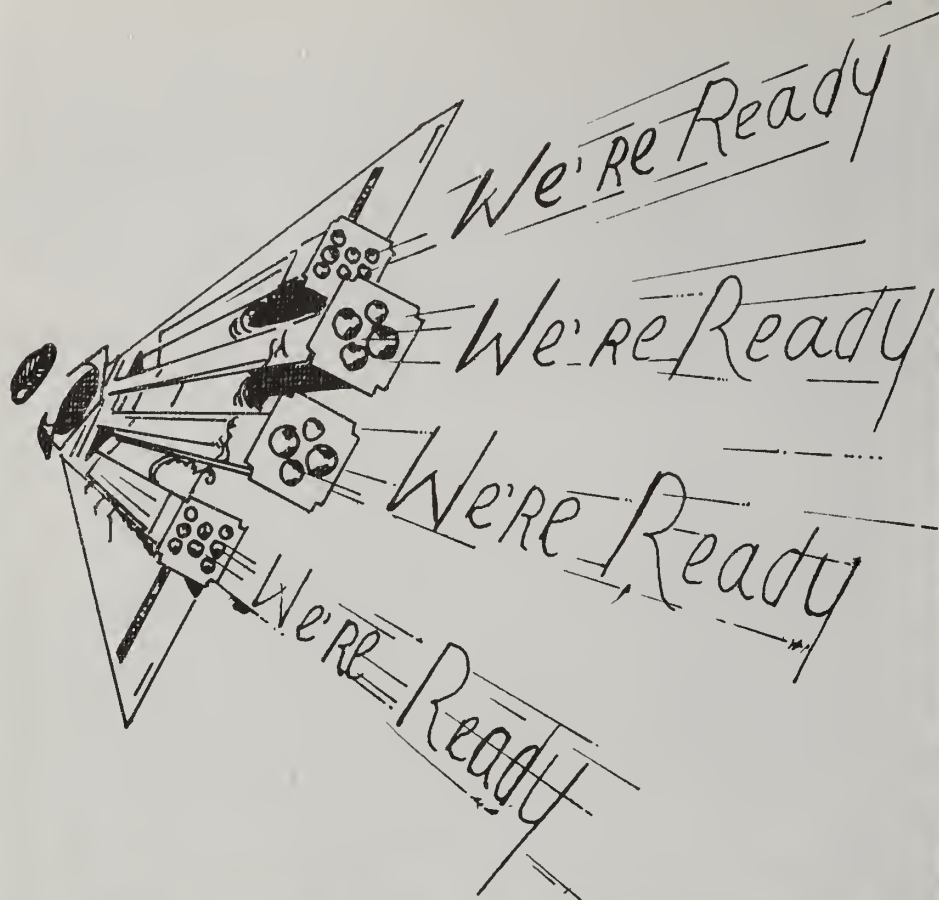

Dedicated to the memory
of
Karen A. Kiernan

educator, caring person and,
above all,
a Friend

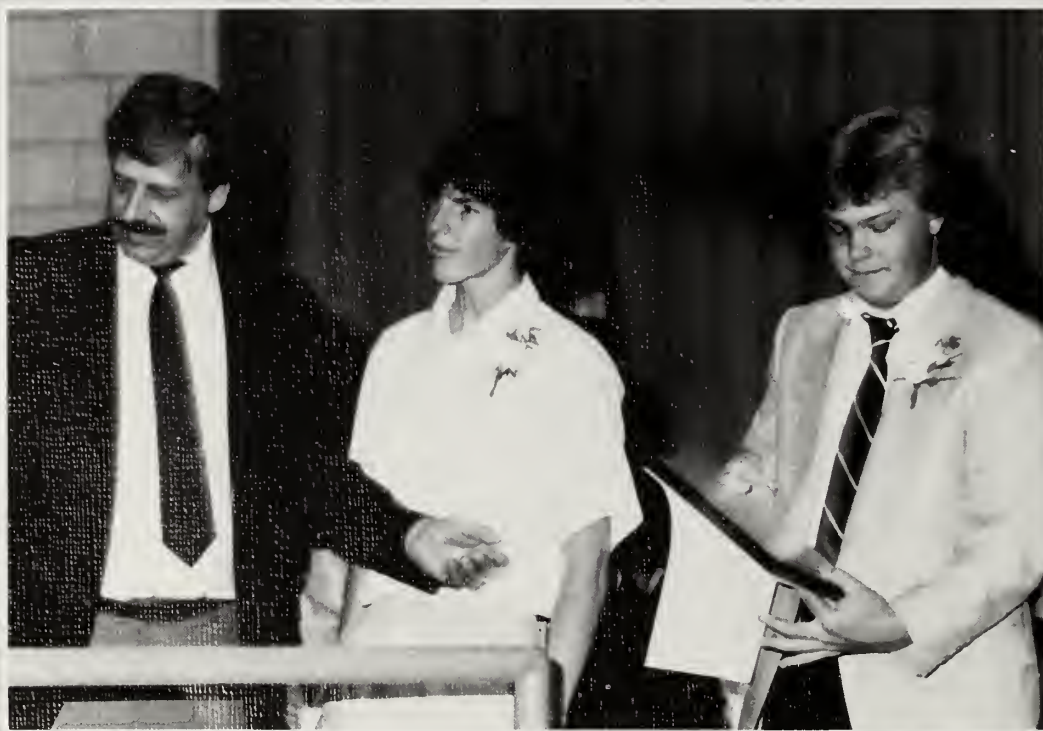

*Our last school year has come to an end,
As we leave, we leave as friends.
Going into the world to start anew,
Some leaving with ease, others with no clue.*

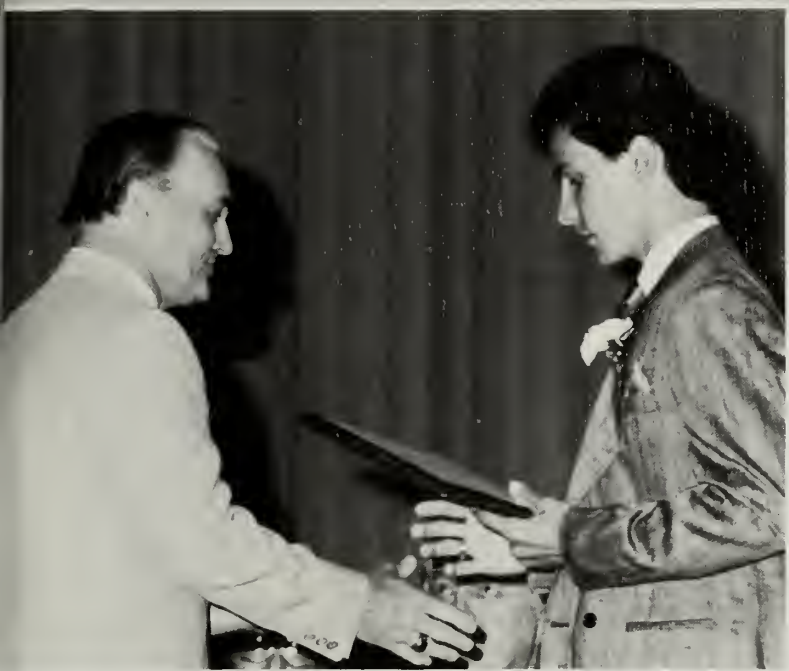

*Always remember the good times we shared,
Leave knowing that someone has cared.
Hold onto your memories;
Live your future to its best,
Leave here with your mind at rest!*

JEANNE D'ARC CREDIT UNION CONGRATULATES THE 1988 GRADUATES OF THE G.L.R.V.T.H.S.

As one of the oldest credit unions in the Country, we are proud of our humble beginnings in the basement of St. Jean Baptiste Church where, some seventy-five years ago, we encouraged school children to save their pennies. Jeanne D'Arc Credit Union, sometimes referred to as "The Little Bank Around the Corner," now occupies modern facilities just a stone's throw away and some of these same children are still with us. They, their children and their grandchildren have helped us grow into a \$135,000,000. banking institution serving all residents of Greater Lowell. Our friendly, courteous staff strive to serve our customers as individuals and not as numbers. We invite you to come in and see us or at least call us about our high savings favorable loan rates.
